General Disclosures:

Preliminary data as of December 31, 2022. Source: FactSet. Hardman Johnston Global Advisors LLC®. Strategy holdings are based on a representative account. (1) Active share is calculated in FactSet. Global Equity strategy assets include all derivations of the global accounts managed by the firm. In the event the portfolio holds multiple share classes of a company, the total number of positions reflects the multiple share classes as a single position. Tracking Error is calculated against the strategy's primary benchmark using monthly returns for the past 5 years. (2) Performance is preliminary. Performance greater than one year is annualized. Net performance reflects the deduction of advisory fees. The MSCI AC World Net Index is the benchmark index. Effective April 1, 2015, the Company changed the primary benchmark for its Global Equity strategy to the MSCI All Country World Net Index ("ACWI"). Performance of the MSCI World Net Index ("World") is shown as a supplemental index. **Past performance does not guarantee future results.** The inception date of the composite is December 31, 2005. (3) All characteristics are calculated in FactSet. PEG ratio is the forward P/E ratio divided by forward EPS Growth. Long-Term Debt/Equity is calculated as long-term debt divided by total shareholders' equity. EPS, Revenue Growth, P/E, PEG, ROE, and Long-Term Debt/Equity figures reflect interquartile weighted mean. Turnover is based on aggregate purchases and sales over prior 12 months. (4) Performance is based on the cumulative return of the net track record of the composite. Source: Hardman Johnston Global Advisors LLC®. (5) Hardman Johnston Global Advisors LLC® generally uses Global Industry Classification Standard to determine sector and domicile classification. Hardman Johnston may reclassify a company into a more suitable sector or domicile if it believes that the GICS classification for a specific company does not accurately classify the company from our perspective. (6) Securities reflect the period's three largest contributors and detractors to total effect. Total effect reflects a position's total contribution to excess performance relative to the stated benchmark. (7) Total effect includes only securities that were held in the Hardman Johnston representative account and excludes benchmark-only securities that may have contributed or detracted from relative results.

Portfolio holdings and/or allocations shown are as of the date indicated and may not be representative of future investments. The holdings and/or allocations shown may not represent all of the portfolio's investments. Future investments may or may not be profitable. Any mention of past investment decisions is intended only to illustrate our investment approach and/or strategy and is not indicative of the performance of the strategy as a whole. It should not be assumed that any investment decisions shown will be profitable, or that any investment decisions made in the future will be profitable or will equal the performance of the investments discussed herein. A complete list of past recommendations is available upon request.

The Global Industry Classification Standard ("GICS") was developed by and is the exclusive property and a service mark of Morgan Stanley Capital International Inc. (MSCI) and Standard & Poor's, a division of the McGraw-Hill Companies, Inc. (S&P) and is licensed for use by Hardman Johnston Global Advisors LLC®. Neither MSCI, S&P nor any other party involved in making or compiling the GICS or any GICS classifications makes any express or implied warranties or representations with respect to such standard or classification (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability or fitness for a particular purpose with respect to any such standard or classification. Without limiting any of the foregoing, in no event shall MSCI, S&P, any of their affiliates or any third party involved in making or compiling the GICS or any GICS classifications have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages.
